

CAMERON BALLOONS LTD and THUNDER & COLT

ALERT SERVICE BULLETIN: SB8 ISSUE B
(SUPERSEDES ISSUE A)

- Title:** Recall of Cylinders.
- Parts affected:** Titanium propane cylinders types:
CB2380, serial numbers up to and including BT0143 and
CB2383, serial numbers up to and including BT0076.
- Reason** The possibility of fatigue cracking of the longitudinal weld on the above cylinder models has been discovered, which if left unattended, could lead to loss of integrity and propane leakage.
- Classification:** This Service Bulletin has been classified 'Mandatory' by the United Kingdom Civil Aviation Authority.
- Compliance:** Compliance with the Accomplishment Instructions below is required immediately on receipt of this bulletin.
- Accomplishment Instructions.**
- (i) Cylinder(s) must not be refilled.
 - (ii) Cylinder(s) must be emptied of all fuel and depressurised within 7 (seven) days.
 - (iii) Cylinder(s) must be returned to Cameron Balloons factory * after emptying.
 - (iv) Cylinders modified in accordance with Cameron Service Bulletin SB9, at latest issue, may be returned to service.

Note: Cylinders will be rectified by Cameron Balloons Ltd.

* Contact local dealer or Cameron Balloons Ltd. for delivery arrangements.

In USA, cylinders may be returned to:- Cameron Balloons US.,
Ann Arbor,
Michigan 48106.
Tel (734) 426 5525, fax (734) 426 5026

If in doubt please contact the factory.
